## Hi! Welcome to volunteering at the library!

### When is volunteering?

Volunteer shifts are usually weekday evenings or weekend mornings. You can sign up for a single date or a regular shift. Too busy with school? You can take a break from volunteering and return when you're ready.

### What do volunteers do?

Craft Prep: Help with preparing craft projects for kids and teens, clean books, and work on other random tasks as needed

Craft Boxes: Need the flexibility to volunteer from home? You can get a box with all the materials to work on a project from home. Keep track of your time and return in a week.

Program Help: Assist with crafts and games for kid and family events.
